**Announcement**

**Greetings Vendors, Volunteers, Instructors, Patrons, and Fans of Fiber Fusion Northwest,**

2020 continues to bring it's challenges and craziness to us all. Currently, my family is arranging virtual meetings for the holidays and yet I find I am looking forward to some free time at home to complete some projects and gather my thoughts. November is the month many of us look to our lives and give thanks. I am thankful for my family, friends, farm, and all the opportunities I have to learn. I hope you all have many things to be thankful for.

**Fundraiser Information**

I am also thankful for all those who supported Fiber Fusion's Fundraiser. I am happy to announce that we raised a total of \$1,600.71 this year. This includes the \$330.48 that was additional money donated during the fundraiser. All monies go directly towards keeping this event free to attend. Thank you everyone!

I had put off announcing the amount raised until now as I straightened out some issues with our fundraiser. Here are the details:

**Water Bottle Fundraiser**

Water Bottles will be printed around the 30th of November and mailed out to everyone afterwards. The approximate delivery date is now December 15th. Custom Ink apologized for the manufacturing disruption and the delay. You may have noticed that Custom Ink has graciously refunded the cost of shipping to apologize for the delay. We hope you enjoy your water bottles!

**Shirt Fundraiser**

Alas, the shirts were not immune to the unexpected strangeness found in 2020. You may notice the following printing issues: the greyscale image was lightened, the logo was simplified, and some prints are off center and/or askew. To save you from all the details on why, the upshot is that Custom Ink are willing to reprint your shirts if you desire.

While Custom Ink is happily willing to correct the error, I wondered how many of us might decide to enjoy the oddity of the misprinted shirts. We originally chose the sheared and frazzled-looking sheep and the stubborn alpaca wearing the mask off the nose because they seemed appropriate to the reality of 2020 and at the same time we hoped the sight of animals in masks would bring humor to the world. Now with the misprints, it seems doubly amusing to me. I have chosen to only replace a few of my family's shirts. I did ask for replacements for the 2021 Fiber Fusion auction shirts, that seemed appropriate.

If you would like your shirt reprinted, please call or email Custom Ink directly.

- Custom Ink Phone #: 855-862-8756
- Custom Ink Email: [service@customink.com](mailto:service@customink.com)
- You will need either your order number or the email you used for the order.
- If you email, using the same email used to order will expedite the process.
- Please allow additional time for reprinting in batches and shipping.

To allow for the higher detailed printing, the shirts will be replaced with the closest possible matches. All heathered shirts will be replaced with solid colors.

- Navy long sleeves will be replaced with a similar navy long sleeve
- Purple long sleeves will be replaced with a similar royal blue long sleeve
- Heathered raglans will be replaced with a white raglan with purple sleeves
- Women's shirts will be replaced with a solid purple women's shirt
- T-shirts will be replaced with the option of a solid maroon or purple t-shirt

**Other News**

In other news... we are looking for a Sponsorship Coordinator. If you are interested in learning more about the position or volunteering in other areas, please fill out the form at: <https://www.fiberfusion.net/volunteer.html>

Wishing you all well and a Happy Thanksgiving,

Heidi Lucey  
Fiber Fusion Chairman
