**Announcement**

Greetings Vendors, Volunteers, Instructors, Patrons, and Fans of Fiber Fusion Northwest,

First off, thank you to everyone for your continued support of our event, even in these trying times.

I need to start by profusely apologizing for the delay in news. Sadly, it is not good. We tried our best to find creative solutions to move online this year. We welcomed you to join us on a journey into uncharted waters. Well, 'thar be dragons!' Unfortunately, with our proverbial ship adrift, we are unable to bring Fiber Fusion online for 2020.

An event like Fiber Fusion is like taking a new ship on a journey each year. It may have the same general design, but every year the ship has some new quirks. This year, we were building our own ship out of spare parts and it was looking good. A crocheted mast, woven sails, and the hull shaped from discarded spinning wheels and drop spindles knitted together. As it got close to the water, the wheels became nervous and started to spin, which took up the slack in our knitting. The drop spindles started dropping away and upon hitting the water it all unraveled. We tried to force the pieces back together (it wasn't like we would run out of yarn), but at a certain point it's more bailing water than mending. All you can do is jump in, enjoy the water, and hope next year's ship is a bit more shipshape.

2020 might have gotten the better of us, and while we are broken-hearted, at least we can now put all of our energy into our 10th Annual event in 2021.

From our whole team, we want to thank everyone for being there and for your offers of help. We hope that everyone is surviving 2020 and finding some silver lining to add to their fiber!

Wishing you all well,

Heidi Lucey  
 Fiber Fusion Chairman

**PS:**

I have withheld a bit of good news for the end. We will be starting a Fundraiser soon with shirts and even a cup. Look for it to start soon!

**Fiber Fusion Northwest**

Looking forward to next year

October 16th & 17th, 2021  
at the Evergreen State Fairground
